## Profile

---

Third-year BCA student with hands-on experience in **Python**, **Django**, and basic **React**. Comfortable building full-stack CRUD apps, structuring databases, and collaborating via Git/GitHub. Seeking an internship or junior role in web development to apply skills on real projects and keep learning.

## Education

---

**Bachelor of Computer Applications (BCA)**, Shreyarth University

*Current: 3rd Year*

## Skills

---

**Programming:** Python, JavaScript

**Frameworks & Libraries:** Django, React (basic), Bootstrap

**Web:** HTML5, CSS3, REST APIs

**Databases:** SQL, SQLite

**Tools:** Git, GitHub, VS Code, Django Admin

**Core Concepts:** CRUD operations, authentication, debugging, basic testing

## Experience

---

**Web Development Intern (Python/Django)**

*Techmicra — 1 Month*

- Contributed to Django-based web apps: models, views, URLs, and templates.
- Implemented CRUD features and integrated SQL/SQLite for reliable data handling.
- Assisted with debugging and testing to improve stability and user experience.
- Collaborated with the team using Git/GitHub and followed basic code review practices.

## Projects

---

**Mynotevault** (*Django, Bootstrap, SQLite*)

Code

- Secure note management with user authentication, CRUD, and clean Bootstrap UI.
- Structured models and forms; used Django messages and login-required views.

**Django Documentation App** (*Django*)

Code

- Practice app exploring admin customization, views, and URL routing for learning.

**NewsAPI App** (*React, JavaScript, REST API*)

Code

- Responsive SPA that fetches and displays live articles from NewsAPI with dynamic rendering.

**TextUtil App** (*Django, Bootstrap*)

Code

- Text utilities (word count, case conversion, whitespace cleanup) with a simple web UI.

**Tic Tac Toe Game** (*HTML, CSS, JavaScript*)

Code

- Interactive two-player game with responsive layout and clean styling.

## Soft Skills

---

Teamwork • Communication • Problem-solving
